A1

Flexible compact, easy-to-use scent machine for home environments, smaller offices or public spaces. A1 is controlled with an app for easy adjustment of the fragrance strength and uses a time setting controlling when the machine is to be active. The app has no limit on the number of machines connected.

The machine uses 100ml fragrance cartridges and should be replaced every 3 months on average.

*Technical specifications.

*Optimal area: 40m².

*Fragrance strength: 10 different settings.

*Power: 1.5v batteries.

*Cordless scented machine with batteries.

*Size: L160*W146*H156 mm.

*Scent bottle size: 100ml.

*App feature.

*CE marked.
